

# Visit to McDonald's

It was a pleasant break from the monotonous school routine for the students of Ankur & Pallav to have a fun-filled and thrilling day at McDonald's. Children had a blasting time at McDonald's. The yummy food and drinks added to their fun. The day was full of entertainment and students could amply enjoy each and every moment there. No doubt, the tiny tots tapped their feet on popular dance numbers along with their teachers. It was a time for them to know their friends more closely and strengthen their bonds with the teachers. The main aim for this visit was to instill among the students table manner and etiquettes. We could not think of a better place than Mc Donald where learning was a fun and practically experienced.
