

Nuts and Bolts of Class Management Workshop

The workshop on pertinent topic of class management was conducted by Ms. Meenu Bhargava. The objective of this workshop was to keep the teachers abreast with the latest strategies to manage the 21st century class environment effectively.

The session started with the motivational prayer and the creative introduction by the teachers continued to boost the confidence of teachers. A discussion on teacher's individual strengths and problem areas were followed by a group activity, wherein the teachers, in groups of six were given separate topics regarding the classroom management.

The objectives of training, importance of positivity and students psychology in the class were discussed at length with the help of few motivational videos. The session was concluded with a group photograph.
