

WORK SHOP ON POSITIVE DISCIPLINE

Conducted by PRINCIPAL MA'AM

“BE THE TEACHER THAT YOU WOULD WANT FOR YOUR OWN CHILD”

It started with a very informative presentation on **positive discipline** and Ma'am discussed about positive impact and better learning outcomes from this practice. The **important points** discussed under this topic were as follows:

- **Positive discipline is to teach not to punish.**
- Focus on positive aspect of behavior.
- Teach students to be responsible and respectful towards everyone.

- Be like a friend and not a friend.
 - Work towards long term effectiveness.
 - Try to enhance the interpersonal skills of Tell students about your expectations clearly.
 - Effective communication is necessary.
 - Focus on finding a solution and be a problem solver.
 - Give genuine appreciation
- And many more...

The **benefits** of practicing this way of teaching are:

- Students make better choices.
- Academic success
- Understanding of why rules are important and necessary
- Better managed and organized life
- Balance in nature and other aspects of life.

Overall it was an amazing session and lot of positivity and knowledge helped everyone to refresh and refocus on their work that too with fresh touch and enthusiasm.
