

ARTIFICIAL INTELLIGENCE (AI) WORKSHOP **CONDUCTED BY CBSE**

JM International School participated in AI Workshop conducted by CBSE. The recent announcement by CBSE to add AI as a subject is a bold step towards enabling the future citizens of India become AI ready- to understand AI and apply it to solve local and global problems.

CBSE designed curriculum for Grade 8 and 9, which covers many practical aspects done with the help of activities was discussed and given to every participant, which would help students to learn AI in a play way method.

JM International School always believes in teacher empowerment to walk along with the changing trends and technologies. As AI becomes part of our daily life from smart phones to many equipment's around us. This was a great initiative taken up by CBSE and JM International School as well.

Venue: DPS Ghaziabad
Date: 2nd July to 4th July 2019
Participants: Asha and Vijaylaxmi
