

# Education Transformation Framework Workshop by Microsoft

Microsoft Company organized **Edu Days Event** in Gurgaon/Delhi on **4<sup>th</sup> & 5<sup>th</sup> December 2018**.

The purpose of the event was to gather educators to discuss innovations and challenges in education and how technology can support solutions to improve teaching and learning experiences. Educators got an opportunity to showcase their work and selected ones got awarded. It also provided networking opportunities among educators, encouraged attendees to learn from each other about the state of education technology around the globe. The event started with the welcome note by Dr Omjiwan Gupta Director Education sales Microsoft, India and Dr Vinnie Jauhari Director Education Advocacy, India followed by the vision of Microsoft in education by Mr Alexa Joyce Director of education policy. Objective of the event was to share Innovative teaching learning framework and expose the educators to state of art Learning and innovative practices in education. The resource person Sean Tiery Director of Teaching and Learning Strategy for Asia took a collaborative session of enabling system level transformation (Envisioning education 2030, Reimagining needs of students, teachers and systems and building an effective transformation strategy). They also shared futuristic technologies which would drive the change and demonstrate excellence in practice by bringing in voices from the field. So overall it was a good learning experience.
