

## VISIT TO DAILY DELIGHT

Students of Grade I were taken to The Daily Delight Super market to experience Shopping. The students excitedly observed the surroundings and the material available there for sale. Students were taken to all the different sections such as Pantry, Beauty Products, snacks, veggies and fruits etc. Students were shown and explained well about the manufacture date, expiry date, ingredients and the nutritional facts mentioned at the packet food items. Overall it was an educational trip which gave students an enriching platform to understand about the Super Market with a new Horizon.
