

VISIT TO METRO MUSEUM

Class V students of JM International School had truly an enriching experience of visiting our pride 'Metro Museum of Delhi.

The Metro Museum comes as a New Year gift to the citizens of Delhi and showcases the genesis, history and journey of the Delhi Metro Rail Corporation (DMRC). It was great to see, India's first modern public transportation system, the Delhi Metro has revolutionized travel by providing a fast, reliable, safe and comfortable means of transport in the city to all the categories of people.

Students were enthusiastically waiting to enter to their own 'Metro museum'. They were curious to know about such a big Tunnel system.

We are thankful to the guide of Metro Museum who had given an interesting insight to the Museum.

Students of Class V were awestruck to see Information provided and the working Models of different types of Metro trains.

Museum took our students to stance when they knew story behind the construction of technological marvels such as the Chawri Bazaar Metro station, which is the second deepest Metro station in the world, India's first extra-dosed bridge. A model of Tunnel Boring Machine (TBM), a "tooth" taken from a TBM was breathtaking.

Students were jaw dropped when they see Mannequins wearing the different uniforms worn by operations and construction staff, along with brief descriptions of these, a model of the Metro train, models of stations.

Souvenirs attracted our children such as Metro ties, pens, key-chains and books were available for sale at the Metro Museum.

Students enjoyed to the fullest when they were taken to the children's park near INDIA GATE. It was a memorable day for the teachers and the students.
