

VISIT TO UNESCO FOR INTERNATIONAL YOUTH DAY

On International Youth Day 2019, UNESCO New Delhi created a platform for advocacy and engagement, bringing youth and other stakeholders together and raising awareness about UNESCO's ongoing youth initiatives in India. The theme for International Youth Day 2019 is 'Transforming Education', which highlights the importance of learning systems, the acquisition of information and knowledge, and the capacity development of youth. Rooted in Goal 4 of the 2030 Agenda for Sustainable Development – to 'ensure inclusive and equitable quality education and promote lifelong learning opportunities for all' – International Youth Day 2019 will examine how young people, youth-focused organizations and other stakeholders are transforming educational practices, tools and services in order to help achieve the 2030 Agenda for Sustainable Development. Students from class 9th attended the program and learnt about several initiatives to work with UNESCO in future to attain the goal of sustainable development.
