Plot No. 23, Sector-Techzone-4, Greater Noida West

## EXCURSION TO TEMPLE

Learning is never limited to jazzy classrooms with glass ceilings which preclude students from achieving their dreams and showcase their talents. The thought of holistic development of students has compelled educational institutes to make their pedagogies more versatile, thus escalating the standards.

As per the 21st century school, **JMIS** is committed to accept all challenges and provide world class, modern education which blends with Indian ethical values. Our heritage walks and educational trips further strengthen our belief that if teaching process is interesting; learning is faster and retention is better.

Following this traditions, young JMians visted the “NavDurga” Temple in village Bisrakh on Wednesday July 31, 2019. Village Bisrakh is popular as it is the Birth place of “Ravana”, the king of Sri Lanka. Students learnt about our rich cultural heritage. Such trips not only strengthen the bond between the teachers and students, but it gives the student a chance to improve their social skills. Also, many a times leadership ship qualities in the students can be identified in such out of school learning experiences. Care of the peers is yet another virtue that the students learn when they are out of class. In all, the students and teachers enjoyed and came back refreshed.
